Since 1982, *BUSHTEC* has been building trailers that are acclaimed the *Rolls Royce* of the cargo trailer industry (Rider Mag., Feb. 95). Our company slogan, "Safety, Style, Performance & Craftsmanship" best describes *BUSHTEC* and our products. Our company mission is to Exceed Your Expectations!

"Safety." *BUSHTEC* is the only trailer manufacturer to utilize true Air Ride Technology. Trailers that use air as an assist or use other types of suspension components (leaf springs, coil springs, "Flexi-Ride" torsion axle) will bounce due to rebound. Basic physics states for every action there is an equal and opposite reaction. A compressed spring will extend beyond its original length thereby creating rebound. Air will only return to its original volume, and thereby does not create rebound. Behind a four-wheeled vehicle, with its additional weight, bouncing is not a problem. However, behind a two-wheeler, bouncing could be disastrous! A *BUSHTEC* will not bounce! Guaranteed! Additional standard safety features on all *BUSHTEC* trailers include a heim joint coupler for a slop free connection, 360-degree swivel, an antisway bar & Heavy-Duty 6-ply tires; the strongest tire used on any trailer. Further, all *BUSHTEC* trailers feature spindle mount wheels that reduce unsprung weight & counter balanced lids with gas props. Unlike many other trailer manufacturers, *BUSHTEC* demands all lighting components carry "DOT" approval for your safety.

"Style." *BUSHTEC* broke the rules when it was introduced in 1982. We have been, and continue to be, the leader in our industry with firsts like:

- Use of larger diameter motorcycle wheels and tires with "run flat" capability.
- Styling not linked to a box.
- Integration of a lid mounted garment bag.
- Only trailer company to offer Custom Forged Aluminum Wheels.
- Integrated colormatched bumpers.
- Functional accessories such as aerowing with high mount third brake lights, weight rated luggage racks, versatile interior pockets and pouches, polished forged wheels, high tech lighting options and new accessories in development to enhance your ownership experience!

The newest Bushtec model, the 2010 Entourage combines timeless Art Deco inspired styling with Bushtec's legendary performance and safety, resulting in the most unique Performance Sport Trailer ever!

"Performance." Our chassis is hand built in our Jacksboro, Tennessee 60,000 Sq Ft production facility. What is our secret recipe for the ultimate in handling? First, we take two trailing A-arms with a 30-inch pivot length, and then add two air and oil dampened shocks that are specifically built for their job. Next, we blend in a Class II spring steel anti-sway bar. Mix in a body band

that connects the top shock mounts to the rest of the chassis for a fully integrated unit. Finally, smooth out the bumps and reduce rotational speed with 16” 8-spoke sport mag wheels, fitted with Heavy-Duty 6-ply motorcycle tires and fully sealed wheel bearings. Our guarantee to every *BUSHTEC* buyer is simple; Your *BUSHTEC* will never bounce! If it does, we will refund your money. *BUSHTEC* employs a double independent, trailing link AIR RIDE ONLY suspension, patterned after the finest automobile suspensions in the world. Our Air Ride system employs Monroe shock absorbers (*BUSHTEC* specific) in combination with cambering "A" arms and an anti-sway bar. Further, we utilize a proprietary 16" motorcycle wheel with double sealed bearings, spindle mounted at 17 pounds total mounted weight. Our unsprung weight is 50% less than competition. Our rotational diameter is 50% (or more) greater using the 16" wheel, providing *BUSHTEC* with the lowest rolling resistance in the motorcycle trailer industry. We also feature a proprietary 6PLY motorcycle tire which is so strong that the trailer can be run with no air in the tire! Under normal circumstances, our tire will consistently deliver in excess of 35,000 miles of tread life. These are just a few of the industry leading, standard setting features *BUSHTEC* offers. While we may (or may not) cost just a bit more, we consistently deliver far more value than you pay for!

“Craftsmanship.” Quality has become the buzzword in today’s society. With *BUSHTEC*, it is more than a word; it has been and continues to be our driving force. When comparing products, closely examine fit and finish. Are the fenderwells and underside of the body undercoated instead of painted to reduce rock chipping? Is the interior finished with marine grade carpeting? Is it pattern cut and edge bound to stop fraying and improve finish appearance and reliability? Is the wiring protected wherever it passes through metal or fiberglass to avoid shorts? These are just a few of the many questions to pondernot just cost. These issues affect the longevity of your investment. On average, a *BUSHTEC* will retain at least 70% or more of its original resale value for the first 5 years of ownership, the highest resale value in the cargo trailer market. As of March 2006, all new *BUSHTEC* trailers come standard with a 3 year warranty on all parts and materials and still carry our unmatched limited lifetime warranty on the Bushtec chassis. More importantly *BUSHTEC* backs every product with more than **27** years of performance history and experience designing, engineering, building and servicing the original Performance Sport Trailer!

At *BUSHTEC*, “Safety, Style, Performance, & Craftsmanship” is more than a slogan; it is a way of life. Our mission is to not simply meet, but exceed your expectations with our products and services. We look forward to communicating with you via e-mail, telephone or in person at one of the many rallies we attend each year. Thank you for your interest in *BUSHTEC* and our world class trailer products, services and customer support.

Use the build sheets at the back of this brochure to determine the price of your BUSHTEC!

It’s as simple as 1, 2, 3, 4 !

Step #1 - Choose your model!

Step #2 - Choose your options!

Step #3 - Determine your delivery method!

Step #4 - Determine your hitch needs with BUSHTEC's available Trailer Hitches!

The entire *BUSHTEC* family and staff are ready, willing and able to assist you in every aspect of your trailer buying decision. We understand the difficult buying decisions you are faced with, as we have assisted thousands of buyers through these decisions for over twenty-seven years, one buyer at a time! *BUSHTEC* is dedicated to your satisfaction and committed to exceeding your expectations! **Let us "Build One for You"!**

The Bitterness of Poor Quality Remains Long after the Sweetness of Low Price is Forgotten!

Thank You for taking YOUR time to consider *BUSHTEC* as your trailer choice. We are confident that you will find a model which will meet your needs, accessories which will allow you to express your individuality and a price which, when carefully compared to competition and measured by value for dollar spent, will meet your trailer budget. We have dedicated our life's work to your trailering needs.

BUSHTEC is PROUD to offer FIVE Industry Leading, State of the Art Models
Backed with our pledge to exceed your expectations!
BUSHTEC – Behind You Every Mile – With You In Every Way!

Step #1- Choose your model!
Every *BUSHTEC* trailer comes standard with the following features; 360 degree swivel heim joint coupler, 16-inch 8-spoke wheels with hub covers, 6-ply Heavy Duty *BUSHTEC* tires, double independent trailing link air ride suspension which totally eliminates "bouncing" and our Limited lifetime chassis warranty.

ENTOURAGE Standard Trailer NEW FOR 2010 **$3,495.00**

Step #2- Choose your options!

Model KEY Index: (T)-Turbo, (R)-Roadstar, (Q)-Quantum Sport, (GL)-Quantum GL, (E)-Entourage

STANDARD EXTERIOR (All Models)

For 2010, Bushtec is proud to offer a white single stage polyurethane exterior finish. The single stage exterior is an attractive and durable finish. It is not of the same finish quality as the

Basecoat Clear Coat option nor does it have the same level of durability and longevity. All currently produced premium motorcycles are painted with Basecoat Clear Coat exterior finishes. For the ultimate in colormatch, Bushtec recommends the Basecoat Clear Coat Exterior Finish option.

EXTERIOR OPTIONS

Colormatching Services (R, T, Q base ,GL base, E)

The most durable finish in the industry. Elaborate hand preparation of the body, including primer, sealer, color coats, and high solids clear coat. Factory pinstripe match on factory two-tones featuring 3M premium vinyl at NO EXTRA COST! With our paint system, *BUSHTEC* can match any color, make, model, and compensate for shade variation (colormatch or variation match requires a colormatch panel be provided by the customer). Factory finish includes rubberized undercoating of fenderwells and body underside, chrome fenderwell trim, and a touch-up paint kit, all at NO EXTRA COST!

Primer Finish- Ready for final wet sanding and your Paint	**$595.00**
Single Color	**$699.00**
Two-tone Color	**$849.00**
Candy or Pearl Coat (Additional Charge)	**$199.00**
Custom Paint and/or Design	**$CALL**

* Illusion paint color match is available for an additional charge.

Colormatching Services(Q,GL)

Single color basecoat/clearcoat match included on Quantum and Quantum GL trailers in GS & GT trim.

Two-tone Color (Upgrade from Single Color)	**$150.00**
Candy or Pearl Coat (Additional Charge)	**$199.00**

Illusion Colors (Additional Charge) (R, T, Q, GL, E) (Additional Charge) $750.00

With the introduction of the Illusion Red and Illusion Blue on the 2001 to 2003 GL1800, Honda utilized ChromaFlair colorshifting pigment. This unique material has a significantly higher cost than conventional pearls or toners, and results in an additional colormatch charge above single color.

Spoiler Style Lid (T) $99.00

Spoiler molded into lid when constructed. Good looks combined with improved airflow.

LED Third Brake Light, Lid Mounted (T, R, Q, GL) $149.00

On the Turbo+2, Quantum Sport, and Quantum GL models the third brake light is recessed into the spoiler style lid (spoiler lid option required on Turbo+2). On the Roadstar, a special lid features a custom recess for flush mounting of the light. Low draw LED design. Light is DOT approved and very bright.

GT Sport Wing with LED Brake Light (R) $349.00

Designed just for the Roadstar, this wing adds a sporty look without impacting the “Retro” style. Colormatch included*, with LED Third Brake Light. Available with red or clear lens LED Brake Light.

Aerodynamic Lid Wing with LED Third Brake Light (T, Q, GL) $449.00

Stunning looks and increased visibility. Turbo+2 wing has aggressive stance with flared tail adding additional downforce at speed. Quantum Sport and GL wing maintains the clean soft lines of the trailer while adding some sporting aesthetics. Colormatch included*, with LED brake light. On Quantum Sport and GL, available with red or clear lens LED Third Brake Light.

Model KEY Index: (T)-Turbo, (R)-Roadstar, (Q)-Quantum Sport, (GL)-Quantum GL, (E)-Entourage

Multi-Function LED Third Brake Light (R, Q, GL) $149.00

Wing mounted LED Third Brake Light fits Roadstar GT Sport Wing and Aerodynamic Lid Wing for Quantum Sport and GL. Clear lens with larger LED array with tail, brake and turn functions built in. Adds increased function and visibility. In addition to GT Sport Wing or Aerowing option.

Run & Brake Adapter for LED Third Brake Light (R, T, Q, GL) $59.00

Allows Lid OR Wing mounted LED Third Brake Light to function as both a low intensity running light and a high intensity brake light. ***Will work with wing mounted OR lid mounted LED brake lights. ONE LIGHT PER MODULE. NOT REQUIRED FOR MULTI-FUNCTION LED THIRD BRAKE LIGHT.***

2006-10 Honda Clear Taillight Option (GL) $150.00

In 2006, Honda has changed the taillights in the GL1800 ® giving them a very distinctive Euro flair. These new lights feature a completely new housing base and new lens design. **Bushtec uses only DOT approved Honda ™ factory taillights.**

GT Fenders (R) $199.00

A highly stylized fender option adding a unique look while blending in with existing bodylines. Price is in lieu of standard fenders. These fenders require a different stone protector bra than is used with standard fenders. Roadstar fender bras recommended for paint protection.

GT Package Special (R) $499.00

The package includes the GT Sport Wing and the GT Fender Option. Retail price of these two items is $548.00. Save $49.00 by ordering the package!

Full Fender Skirt Package (E) $699.00

The Entourage's art-deco design is highly complimented with these colormatched full skirts, completing the teardrop shape. Easily removable for service.

Stone Protector Bra (R, T, Q, GL, E)

Custom contoured black vinyl, pattern cut and sewn, and professionally installed to protect your paint investment. Covers the front and front sides of the trailer, areas most vulnerable to rock chips. Roadstar Fender Bras cover the forward face of the GT fender to protect against rock chips higher on the fenders.

Turbo+2 Stone Protector Bra	**$129.00**
Roadstar Stone Protector Bra (Standard or GT fenders)	**$149.00**
Roadstar Fender Bras, pair (GT fenders)	**$49.00**

Quantum / Quantum "GL" Stone Protector Bra **$159.00**
Entourage Stone Protector Bra **$149.00**

Clear Fender Bras (R) **$49.00**

Additional protection for the painted finish on the face of your fenders without hiding your paint. 3M Scotchcal Paint Protection Film specifically designed to preserve the beauty of your paint finish and protect from rock chipping of the paint on the fenders. Fits Standard or GT fenders. *Not recommended in place of stone protector bra.*

Tubular Style Chrome Bumper (R, T, Q, GL) **$299.00**

Roadstar features Retro double rail, reminiscent of the '50's era. Turbo+2, Quantum, and Quantum GL designs features base rail with overriders on each end, framing license plate recess. Hot Rod Style with chrome finish.

Fiberglass Colormatch Bumper (R, T)

Colormatch contoured fiberglass, available with or without lights. Dresses up the rear of the trailer and adds additional visibility*.

DESCRIPTION	STYLE	Turbo+2	Roadstar
Fiberglass, No Lights	**A**	**$189.00**	**$199.00**
Fiberglass, Peterson Rectangular Lights	**B**	**$219.00**	**$219.00**

Fiberglass, Grote Side Marker Lights only, Red	**E**	**$219.00**	**N/A**

Model KEY Index: (T)-Turbo, (R)-Roadstar, (Q)-Quantum Sport, (GL)-Quantum GL, (E)-Entourage

Fiberglass Colormatch Bumper with Side Marker Lights (Q, GL)

Attractively molded fiberglass rear bumper, color match to trailer with matching side marker additional visibility and good looks*.

DESCRIPTION	STYLE	
Fiberglass with Side Marker Lights	**A**	**$249.00**
Fiberglass with Side Marker Lights, Kuryakyn or Grote lights across rear	**B**	**$349.00**

Chrome Tubular Luggage Rack (R) **$199.00**

Chrome Tubular Steel. Stylish and functional. 25 Pound capacity spread across all rails.

Luggage Rack Bag for Chrome Tubular Luggage Rack (R) **$139.00**

Versatile water resistant luggage rack bag specifically for the Bushtec Roadstar Luggage Rack. Made of heavy waterproof material with heavy duty zipper closure for easy access with protective flap. The bag secures to the rack by 8 Velcro closures. Measures 22 inches long by 14 inches wide by 9 inches deep.

Luggage Rack with Daytona Wing (T, Q, GL) **$149.00**

Four extruded aluminum rails in satin finish, with Daytona wing and tie downs. Stylish and functional. 75 Pound capacity spread across all four rails. Includes Daytona Wing with black stanchions. Four adjustable tie downs. *Daytona Wing is not used in conjunction with Aerowing or Aerodynamic Lid Wing.*

Sport Mag Wheels, 8 Spoke Aluminum (R, T, Q, GL, E) **STANDARD**

Media polished 380-alloy, cast in our dies and machined in-house.

Mag Hubcovers (R, T, Q, GL, E) STANDARD

Chrome stylized cap covers axle & nut, held in place with 3 Allen set screws. Allen wrench provided.

Heavy Duty 6-ply Tires (R, T, Q, GL, E) STANDARD

Strongest tire used on any trailer built for the motorcycle industry. Virtually indestructible and capable of delivering (if air pressure is maintained) in excess of 35,000 miles of tread life.

Powdercoated Wheels Option, pair (R, T, Q, GL, E) $149.00

For those who want to compliment the finish of their trailers with a powdercoated sport mag wheel finish. Silver, silver vein or black finish. *Custom colors available for additional charge.*

***BUSHTEC* Forged Aluminum Wheels (R, T, Q, GL, E) $1,299.00**

1 piece forged aluminum wheels available in seven styles. 5-Spoke Non-directional, 5-Spoke Directional, Split 5-Spoke, TecStar 5-Spoke, Split 6-Spoke, 10-Spoke, and Solid/Slot in a brilliant, deeply polished finish. Includes hub covers. Custom designs available, call. Pricing based on "exchange" at time trailer is built. Add $100 for exchange of used cast mag wheels (pair); add $300 for outright purchase.

Splash Guard Set (T, Q, GL) $49.00

Stylized and contoured urethane splash guard set helps block tire generated debris and tire spray. Add a personal touch to your Bushtec. Textured finish with raised *"BUSHTEC"*.

Mud Flap Set (R) $39.00

Pliable rubber mudflaps add good looks and protect as well. Secured with chrome acorn nut hardware.

Chrome Chassis Neck (R, T, Q, GL, E) $149.00

Upgrade from the standard black powdercoat. Quality chrome finish from front of tongue to under front of trailer. Compliments chrome hitch, cooler package, etc.

Retractable Tongue Stand (R, T, Q, GL, E) $59.00

Holds trailer level when uncoupled from motorcycle. Engineered specifically for the round *BUSHTEC* chassis neck. Spring loaded, very functional. Available in chrome or black powdercoat finish.

Model KEY Index: (T)-Turbo, (R)-Roadstar, (Q)-Quantum Sport, (GL)-Quantum GL, (E)-Entourage

Trailer Cooler Package (R, T, Q, GL, E) $249.00

Includes 34 quart Rubbermaid cooler WITH floor mounted DRAIN, custom steel rack in black powdercoat finish with chrome hardware, and hand sewn black vinyl cover. Cover features a zippered top opening for easy access. Cover secures cooler onto rack.

Hitch Mounted Cooler Caddy for Bushtec GL1800 Vertical Receiver Hitch $179.00

Caddy comes with 16 quart Igloo cooler, hand sewn black vinyl cover and custom powdercoated steel rack that fits into the receiver assembly on Bushtec Vertical Receiver hitches for Honda GL1800 only.

Spare Wheel and Tire Assembly (R, T, Q, GL, E) $199.00

A complete 8 spoke cast aluminum mag spare assembly with bearings and H.D. 6-ply tire, mounted and balanced.

INTERIOR OPTIONS

Full Interior Carpet (R, T, Q, GL, E) STANDARD

Completely finishes the entire interior, including the lid. A high quality, mildew resistant marine grade carpet. Pattern cut, edge seamed and bound. Available in Charcoal (**GR**) or Black (**BL)**

Floor Mat, Interior Carpet, Embroidered (R, T, Q, GL, E) $69.00

Bushtec owners have a very high level of pride of ownership and at their request we offer a high quality carpeted floor mat color keyed to your trailers interior color, edge bound & seamed and finished with "*BUSHTEC*" embroidered in contrasting colors. Secured with sewn on Velcro pads. Keep your trailer interior new and fresh! Available in Charcoal (**GR**) or Black (**BL)**

Interior Cargo Divider, Removable (R, T, Q, GL) $99.00

Light weight, durable molded urethane cargo compartment divider. Secures by slipping over the shock pockets, creates additional storage compartments, eliminates cargo shift inside the trailer, easily removed.

Spare Tire Cover (R, T, Q, GL, E) $39.00

Carpeted top and vinyl perimeter dress up spare for interior storage, matches interior carpet in Charcoal (GR) or Black (BL) carpet with Black vinyl trim, Optional Embroidered "*BUSHTEC*" available.

Garment Bag (T, Q, GL) $149.00

Carry your good clothes neatly with this custom vinyl garment bag. Snaps into lid frame for easy storage and removal. Black only, with embroidered Bushtec logo.

Accessory Lid Bag (R, T, Q, GL) $149.00

Designed to carry tools, toiletries, gloves and other small lightweight items. Snaps onto lid frame. Very useful and extremely well designed for small items. Black vinyl, with embroidered Bushtec logo.

Map and Document Pouch (R, T, Q, GL, E) $19.00

Special design for useful and safe storage. Secures to carpet with Velcro backing. Interior carpet required for use. Black vinyl. Dimensions are 6"x 10", with 2 pouches, 6"x 10" and 6"x 4".

Large Storage Pouch (R, T, Q, GL, E) $34.00

Designed for larger documents and other items. Secures to carpet with Velcro backing. Interior carpet required for use. Black vinyl. Dimensions are 9 ½"x 21", 3 pockets, (2) 5 ½ "x 7 ½" and (1) 10"x 7 ½".

Quantum Rear Deck Storage Pockets (Q, GL) $49.00
Two pouches designed for the rear deck shelf in the rear of the Quantum. Secures to carpet with Velcro backing and features snaps at ends of each pocket. Black vinyl. Dimensions are 5½"x11".

Interior Light (R, T, Q, GL, E) $49.00
Switched 12-volt light. Mounted high inside the body. Makes night loading and unloading a breeze.

Model KEY Index: (T)-Turbo, (R)-Roadstar, (Q)-Quantum Sport, (GL)-Quantum GL, (E)-Entourage

Embroidery

Embroidered "*BUSHTEC*" logo on cooler cover top.	**$35.00**
Embroidered "*ROADSTAR*", "*TURBO+2*", or "*QUANTUM*" logo.	**$35.00**
Embroidered "*BUSHTEC*" logo on spare tire cover or floor mat.	**$35.00**

ADDITIONAL ACCESSORIES

Electronic Relay Isolator Package $59.00
Designed to protect the electrical system by creating a separate electrical harness for trailer lighting power supply. **Recommended** on all Harley Davidson applications, all BMW, GL1800, any fuel-injected motorcycles, and those equipped with self canceling turn signals. May also be necessary on any motorcycle with a large number of additional accessory lights. Power supplied from battery instead of factory harness. *Included with some Bushtec hitches as a standard feature.*

Plug-N-Play Isolator for GL1800 or GL1500 $79.00
For ease of installation, we have built a version of the isolator that plugs directly into the Honda factory wiring system. For the do-it-yourself installer that wants the cleanest and easiest installation. *Specify GL1500 or GL1800. Included in Bushtec Receiver Hitch for the GL1800.*

Plug-N-Play Isolator for Harley $89.00
For ease of installation, we have built a version of the isolator that plugs directly into the 1996 and later H-D factory wiring system. For the do-it-yourself installer that wants the cleanest and easiest installation. Includes Plug & Play Adapter shown below.

Plug-N-Play Adapter for Harley $25.00
Jumper plug allows tap free wiring for the Harley wiring

4-WireTrailerConverter $29.00
Required for use with 4-wire trailers ONLY, NOT required for Bushtec applications. In addition to the required Electronic Isolator Relay Package. Application for GL1800 is Plug & Play.

BMW R1200RT Can-bus SWS Trailer Interface Module $59.00
Required for any R1200RT trailer application, must be used with Electronic Isolator Relay Package. Bushtec does not recommend towing 4-wire trailers with the BMW R1200RT.

Progressive Suspension Pump with Gauge $59.00
A handy, compact pump ideally suited to the high pressure, low volume design of the *BUSHTEC*

suspension. Durable Aluminum body with double chamber design for increased volume per stroke. Integral 0-100 PSI gauge. Manufactured by Progressive Suspension.
CAUTION- Gas stations typically use high pressure, high volume, to be avoided.

Accu-Gauge Tire Gauge $34.00
Still the finest tire gauge made in the USA. Brass vernier movement, 0-60 PSI gauge, 12-inch hose with swivel end and 45 degree chuck. Has bleed valve and pressure memory feature. Supplied with rubber boot to protect head. 2-Year manufacturer warranty.

Deluxe Trailer Cover (R, T, Q, GL, E) $99.00
Custom tailored for an exact fit. Elastic bottom. Accommodates bumpers and wings. Water resistant design includes storage pouch. Colors available: magenta, red, wineberry, forest green, brown, black, charcoal grey, royal blue, navy blue, yellow, orange, and teal. Specify model.

Premium Water Resistant Trailer Cover (R, T, Q, GL, E) $129.00
The ultimate in protection for your trailer. Breathable waterproof material guards against penetration by the elements. Accommodates bumpers and wings and includes storage pouch. Light gray in color.

Model KEY Index: (T)-Turbo, (R)-Roadstar, (Q)-Quantum Sport, (GL)-Quantum GL, (E)-Entourage

Deluxe Motorcycle and Trike Covers
Custom tailored to fit with elastic bottom, not one-size fits all. Same material and colors as trailer covers.

Half Motorcycle Cover	**$119.00**
Full Motorcycle Cover	**$139.00**
Full Trike Cover	**$179.00**

Security Cable with Lock $39.00
6' long, 10MM plastic coated 8,400 lb. tensile strength steel cable with built in lock. Great for securing trailer while it is not attached to the motorcycle. Optional 12' extension offers increased versatility for securing multiple trailers or longer reach to securing point.

Mudflap for Motorcycles
Mudflaps for the motorcycle that will help protect the front of the trailer, in addition to the stone protector bra. Fits directly to Bushtec Hitch for GL1500. Requires Mudflap and Bracket combo for Bushtec Standard package Hitch for GL1800 (included with Deluxe package).

***Bushtec* Contoured Rubber Mudflap**	**$39.00**
***Bushtec* Contoured Rubber Mudflap & Mounting Bracket Combo**	**$49.95**

Mudflap Bracket for GL1800 & FLH Motorcycles
Designed to allow installation of your choice of mudflap on your GL1800 or FLH/FLT/ Road King motorcycle equipped with a Bushtec Vertical Receiver hitch. The hitch mounted bracket for the GL1800 will accommodate the Bushtec Stylized Mudflap, the Drag Specialties Lighted Dual Mini Baron Mudflap, or Kuryakyn Debris Modulator Mudflap. Bushtec also offers a mudflap bracket for the GL1800 Goldwing
without a trailer hitch.

Mudflap Bracket for GL1800 or FLH/ FLT/ Road King **$19.95**
***Bushtec* Mudflap Bracket without Trailer Hitch** **$19.95**
***Bushtec* Contoured Mudflap & Mounting Bracket Combo** **$49.95**

Receiver Hitch Lock **$24.00**
Locking pin for securing the head in receiver type hitches from Markland, Drag Specialties, Big Bike Parts, Add-On, and Kuryakyn with ½ inch pin. Standard on *Bushtec* V.2 Standard and Deluxe hitch packages for GL1800. *This does not secure the trailer to a non-Bushtec hitch.*

Hang Up Bracket **$29.00**
Maximize your storage space. Hang your trailer on the wall by the heim joint.

***BUSHTEC* Trailers Video Owners Manual** **$10.00**
Covers uncrating, setup, service, maintenance, and loading of your *BUSHTEC* trailer in detail. Available as a resource tool for the care & maintenance of your trailer. *Included with new trailer orders.*

ProScale Versa77 Digital Tongue Weight Scale **$29.00**
77lb x 1oz / Auto-Off (12 seconds) / Backlit Display / Batteries Included. ABSOLUTELY the best device for quick & accurate tongue weight determinations.

Model KEY Index: **(**T)-Turbo, (R)-Roadstar, (Q)-Quantum, (L)-Quantum GL, (E)-Entourage

Step #3- Determine your delivery method!

Crating Charge

If your trailer is being shipped to you, it is bolted to a hardwood pallet base, and then covered. Domestic crate uses a tri-wall corrugated container top for protection. The international crate is ½" plywood base, and top with 2"x 2" supports and external metal bracing. The trailer arrives 99% assembled. Our video owner's manual details removal from crate and set-up.

Domestic Crate	**$175.00**
International Crate	**$300.00**

Freight Charge **CALL FOR QUOTE**

When a trailer is crated, it is too large to ship any method except truck freight. Please call to receive the latest computerized quote for cost and approximate shipping time. Freight quotes are based on business to business shipment. Residential delivery and lift gate services are available at additional cost and must be specified at time of quote.

Rally Delivery **$300.00**

BUSHTEC attends several major rallies each year to sell and service our trailers. We can build you a trailer and deliver it to you at most of these events. Rally Delivery is a charge to offset fuel costs, booth fees and travel expenses not incurred with factory sales & deliveries. All trailers delivered at a rally will incur this charge. ***Be sure to allow for sufficient lead time from order date to rally date.***

Model KEY Index: **(**T)-Turbo, (R)-Roadstar, (Q)-Quantum Sport, (GL)-Quantum GL, (E)-Entourage

Installation Fee

BUSHTEC offers professional installation for the hitch and wiring harness on your motorcycle for factory or rally deliveries. If your motorcycle requires an electronic relay isolator package (see above) for trailer wiring there may be an additional charge. Due to the complexity of installation of hitches on some model motorcycles, they may require additional installation fee. Any additional labor outside of normal installation procedure will result in additional charge. Sales tax must be collected on installation labor performed in Tennessee. *Rally installations can not be scheduled until the start of the event, on-site at the Bushtec display.*

All BMW, Honda GL1800, Can-Am Installations	**$200.00**
Most Installations	**$200.00**

Step #4- Determine your hitch needs with Bushtec's available Trailer Hitches!

VERY IMPORTANT HITCH INFORMATION!

All *Bushtec* trailer hitches are designed for STOCK motorcycles. Aftermarket exhaust, added saddlebags and/or guards, and any OEM accessories (such as axle covers and fender trim) can prevent a successful installation. If you are unsure call *Bushtec* for clarification! Custom hitches can be fabricated at the factory in Jacksboro, Tennessee for an additional $100.00 + hitch price. Installations complicated by Non-stock component interference or previous electrical will require additional time & will incur additional installation fees. If in doubt – CALL *BUSHTEC!*

***BUSHTEC* Locking Hitch Pin Adapter $149.00**

If your motorcycle currently has a trailer hitch equipped with a ball, it will require an adapter to convert to *BUSHTEC's* unique 5/8-inch pin setup. *Bushtec's* Hitch Pin Adapter includes chrome hitch pin adapter (replaces ball on other manufacturers' hitches), safety chain catch, nylock nut, and *BUSHTEC's* exclusive stainless steel integral locking system with dust cover. **PIN Only $89.00 LOCK Only $89.00**

<u>IMPORTANT HITCH INFORMATION</u>
1. All *BUSHTEC* hitches include our exclusive integrated locking system, except as noted.
2. All *BUSHTEC* trailer hitches are designed for STOCK motorcycles. Aftermarket exhaust, added saddlebags and/or guards, and any OEM accessories (such as axle covers and fender trim) can prevent a successful installation. <u>If you are unsure call *BUSHTEC* for clarification!</u> Custom hitches can be fabricated at the factory in Jacksboro, Tennessee for an additional $100.00 + hitch price. Installations complicated by Non-stock component interference or previous electrical work will require additional time and will incur additional installation fees.
3. <u>If in doubt – CALL *BUSHTEC*!</u>
4. Hitches listed above are designed to work with the *BUSHTEC* 5/8-inch pin and heim joint coupler only (with the exception of Bushtec hitches for BMW, Harley Davidson FLH Vertical Receiver, Tri-Glide, Honda GL1800 V.2, Victory Vision). They will not work with any type of ball setup. They cannot be retrofitted to accept a ball setup. You place yourself, your passenger, and others in danger by even thinking about modifying a *BUSHTEC* hitch. We will not sell parts for hitches.
5. If your motorcycle is not listed above, please call and inquire about availability. Custom hitches can be fabricated at our plant in Jacksboro, Tennessee.

<u>GENERAL INFORMATION</u>
1. All prices and specifications are subject to change without notice. *BUSHTEC* Products, Inc., reserves the right to make changes in design and specifications, and/or to make additions to or improvements in its products without imposing any obligations upon itself to install them on products previously manufactured.
2. All pricing is FOB Jacksboro, TN. Pricing does not include shipping, call for information. All pricing is in U.S. Dollars. Actual prices may vary due to exchange rates or changes in quoted costs. Shipping quotes, including International shipping quotes are valid for 30 days, regardless of build schedule (per freight carriers)
